Welcome Back

Dear Corinth Students and Parents,

As the summer draws to a close, we are counting down the days to the beginning of another exciting year of learning! I hope you have had a safe and relaxing summer. Our first day of school is on Wednesday, September 6th.

For many of our maintenance/cleaning/buildings and grounds employees, summer is an opportunity to improve our campuses and prepare for the return of staff and students. This summer has been particularly busy, as we have been hard at work at both the Oak Street and Center Street campuses, undergoing construction for phase one of the Capital Improvement Project that voters approved in May 2016. The infrastructure improvements are designed to ensure the health and safety of students, staff, and visitors. We are excited to watch this transformation and are happy to share updates with you on this community project.

We know the rush for last-minute school supplies can be a stressful and expensive task. Please be assured that teachers and principals have worked hard at keeping supply list costs reasonable. Student supply lists can be found at www.corinthcsd.org.

The district website is an invaluable resource for parents and students. You can find school events, calendar items, cafeteria menus, guidance information, sports schedules, district forms, alumni information as well as my weekly news updates. Parents and students will be able to access their report cards and schedules through our student/parent/portal. Please log on and utilize this important communication tool, which can be found on our website: www.corinthcsd.org.

I encourage all to enjoy these last few days of summer rest and relaxation and take this opportunity to prepare for another wonderful school year here at Corinth CSD. I look forward to your return and anticipate a very positive and productive year.

Sincerely,

Dr. Stratton
