District wide “Orange-out” to Stand Against Bullying

On October 25th, members across the Corinth CSD community wore orange in support of students who have been bullied as a part of the national “Unity Day” bullying prevention campaign. Participants wore orange to show a commitment to standing together against bullying and uniting for kindness, acceptance, and inclusion. For our school in particular, orange not only symbolizes school pride but can now help symbolize our commitment to standing up against bullying. Thank you to everyone who participated and helped our community raise awareness of bullying prevention.

Capital Improvement Project Update

We have had an exciting start of the school year as the Oak Street and Center Street campuses continue to undergo construction for the Capital Improvement Project that voters approved in May 2016. We began this project over the summer, and since then, Phase One work has been completed on the tennis courts, site work and roofing. Our window replacement project will be taking place in November. As we await SED approval for Phase Two (the construction of the new bus garage), we will continue to watch this transformation and share updates with you on this community project.

Veterans Day (Observed), November 10th

We would like to remind all students and parents that November 10th is Veterans Day (Observed) and school will not be in session. We would like to take this opportunity to honor our veterans and thank them for their service. Enjoy the long weekend!

Upcoming Events:

Saturday, 11/4: FCCLA Community Leaf Raking

Thursday, 11/9: Emergency Release Day (Students will be released 15 minutes early)

First Marking Period Ends

Veterans Day Concert, 7-8pm
